MOLENBEEK, BRUSSELS “Beyond the Borders”

The Lasallian community of Molenbeek would like to thank those who have made it possible to initiate this new response, within the framework of our commitment as a Lasallian Institute and Family to go “beyond borders”. Undoubtedly, the renovation of the house and Covid 19 have conditioned the start of our mission in this new community.

Having overcome these conditioning factors and others of a legal nature, and awaiting the arrival of Br. Yacouba Jacob from Burkina Faso who is working on obtaining his visa, the community has been at work there since the beginning of October of this year.

Allow us to share with you all the most significant aspects of our first month of life. United in prayer, life and Lasallian mission.

Find out more about this project here in this newsletter prepared by the Molenbeek Community.
