

The Superior General establishes the new Office of Education

Brother Armin Luistro, Superior General, has recently set up the new **Office of Education**; he has appointed as his head **Mr. Andrea Sicignano**, for a period of three years: from 12 March 2025 to 31 August 2028.

Andrea, who has been working in Lasallian education for about twenty years, is a teacher of Literature at the *Collegio San Giuseppe de Merode* in Rome.

“I have already had the opportunity to collaborate in recent years with the Generalate in the service of the Identity Criteria Project, on behalf of the then Secretariat for Mission and Lasallian Association”, says Andrea, revealing a certain knowledge of the dynamics surrounding the national and international educational mission.

“The new Office of Education, that the Superior General has wished to establish, will deal with special educational projects, the drafting of documents also related to education, and institutional representation”, continues Andrea, who describes himself as humbled and grateful for this important appointment and for all the trust placed in him by Brother Armin, “I am happy; in fact, thanks to this new reality, I will have the opportunity to deepen my vocation in the service of the Lasallian Educational Mission”.

Good work Andrea!
