Solemnity of All Saints

Beloved Lasallians:

Fraternal greetings of peace and joy!

The participants of the *Synod on Synodality* here in Rome have just completed their work for the first phase. They have been reflecting on the sub-themes of *Communion, Participation, and Mission* as they continue to listen attentively to the Holy Spirit who leads. We are part of this grace-filled journey of the universal Church especially since several Lasallians have been called to serve officially as synod delegates. Like them, we are also united in prayer and communal discernment as we live the call of our Lasallian synodal journey to the peripheries.

In so many ways, you embrace the call to be leaven for the world every time you respond lovingly, one step at a time, to the appeal made by our Leavening Project. As your *Squadra Consiglio Generale* completes our visit to the five regions, with this last segment to RELAF, I am happy to provide you an update on the most recent organizational changes and the list of appointees for Institute positions.

In our search for new models of governance and new pathways for the Lasallian Mission, we are guided by the vision and goals articulated by the 46th General Chapter and III AIMEL. We have already included some information and names in our earlier communication when we discussed our proposed governance structure. As this is a work in progress, I wish to give you the most updated list of appointees to the Institute Commissions and Offices. I am most grateful to these Lasallian Partners and Brothers who have made themselves radically available to serve the global Institute. I am indebted to the Brothers Visitor for their generous support to these eminent Lasallians who share themselves beyond the borders of their Districts.

I am certain that the Good Lord who planted the seed of God's Reign in our hearts will Himself nurture its growth until these are ready for the harvest.

Fraternally yours,

Br. Armin A. Luistro FSC
