## PRAYER FOR THE YEAR OF LASALLIAN SPIRITUALITY

**O God**, we praise and thank you for taking part in the extraordinary wonder of the cosmos. Strengthen us to be mediators of your life, your love and your being to those to whom you send us, in order to be a saving and fraternal presence.

**Jesus**, divine and human fullness, who made known to us the God of love and mercy, help us to associate ourselves with you in the realisation of comprehensive human promotion, through human and Christian education, as creative fidelity to the charism expressed in faith, fraternity and mission.

**Holy Spirit**, Strength, Inspiration, Eternal Presence and Continuity of God's love, remain with us in the committed discernment of His will for those you have entrusted to us. Accompany us, personally and communally, in fraternal love for all as an expression of the Kingdom of dignity, equality and fraternity.

**O God Trinity**, we join with so many people who were and are living signs of your image and likeness, Mary, mother of Jesus, and so many saints who are living signs of your Kingdom.

As Lasallians, we praise you with gratitude for Saint John Baptist de La Salle, and for all Lasallians faithful to the charism and spirituality entrusted to us. As associates, we want to continue to fulfil your saving mission and to celebrate this Year of Lasallian Spirituality. Encourage us today and always with the strength and energy of love and mercy, in spiritual unity, and may we live in You, enlightened by the path of the fullness of love.

**Amen!**
